The Saison
Hop Filtered 'Screaming Eagle' IPA
The Americans Amber
Oatmeal Stout

Artie's Experimental Ales Has Moved

A couple months ago we started serving "Artie's Experimental Ales". We're serving a different experimental beer each week. The plan is to take a little of each batch we brew, ferment it separately, and let Artie play with it. Artie's experimental ales will now be served on Thursdays, to let more of the Mug Club have a chance to try them.

So far we have had a Honey Hefe, Milky Way Meteor Stout, Mango Hefe, Kiwi Hefe, Cinnamon Hefe, Hard Root Beer, Jalapeno Light, Cherry blossom Ale, Orange Hefe, and many more.

There will be a limited amount (3-5 gal) on tap, and once it is gone, it's gone. There are also comment cards available to let us know what you think, or to suggest a beer.
